Workshop: "The "home factor" between caring for oneself, others, and the
environment", Santa Croce University, Rome, 7 March 2025

The Oikos: Our home and environment
Luca Varela

Abstract

The home (oikos) is not only a physical space but also our broader environment, a foundation for our growth and flourishing. It represents the interconnected systems that sustain us—environment, communities, and shared resources. By caring for this environment, we nurture the conditions for personal and collective thriving. The oikos reminds us that our well-being is deeply tied to the health of the world around us.
